

FUNDRAISING

Summary

ABOUT US

ART FOR EVOLUTION (AFE) nonprofit organization

FIRST PROJECT: GREEN ON GRAY

GREEN ON GRAY (GOG) promotes environmental awareness as well as actions to mitigate climate change.

GOG CHALLENGE

Your help can make possible our goal of achieving the promise of reducing 1 million tons of CO2 per year.

PROGRAMS

GREEN MARK PROGRAM = 100 % of the funds becomes Trees & Plants in our Land Art Parks (Alliance with the Planet.)

ECO MARK PROGRAM = Cover our operating costs raising environmental awareness with our GOG Initiatives.

RESULTS

More Green Spaces, Community Education, CO2 Reduction

CSR

CORPORATE SOCIAL RESPONSIBILITY PROGRAM offers creative solutions to environmental challenges includes education, ecological ethics, green spaces, CO2 reduction, with Ecological and Participatory Art.

GOG ELITE

We are a selected group of people, corporations and urban spaces that is superior in terms of ability to take care of our future and the Planet.

HOW YOU CAN HELP

Art FOR EVOLUTION[©]

ART FOR EVOLUTION, (A.F.E) is a nonprofit organization founded by the ecological artist Analia Bordenave, in 2013 in Miami, FL, whose goal is to generate awareness to contribute to Human evolution through art. AFE uses "ecological art" and "participatory art" as tools to increase understanding and knowledge of environmental issues and their potential solutions.

Founder

The ecological artist Analia Bodenave became increasingly concerned about the Earth and its inhabitants' future. She decides upon Miami as the place to create an organization dedicated to her vision of a global project that uses art as a tool to create awareness.

"I LOVE NATURE AND ART IS MY PASSION."

"In response to the devastation of the Planet, I decided to get out of my art studio, set aside my traditional materials, such as canvas, acrylics and take the elements of nature to make art. Aware that our current resource consumption is already greater than nature's capacity of production, I am committed to transform our culture toward a sustainable future through Eco-Participatory Art and education."

Analía Bodenave

Our Message

Art For Evolution's mission is to strengthen the community and the environment through art.

Art For Evolution's vision is to raise awareness about the impact of human activity on the planet through Participatory Art.

Art For Evolution uses Ecological Art and Participatory Art as tools to increase understanding and knowledge of environmental issues and solutions.

Art For Evolution educates about solutions to environmental problems and introduces safe alternatives through the 1st project, GREEN on GRAY, and culture to live in a sustainable way.

WHAT WE DO

by **Analia Bordenave**

ART FOR EVOLUTION, (A.F.E) is a nonprofit organization founded by the ecological artist Analia Bordenave, in 2013 in Miami, FL. The goal is to generate awareness to contribute to Human evolution through art.

"Ecological" and "participatory" art are used as tools to increase understanding and knowledge of environmental issues and their potential solutions. The first project, "GREEN ON GRAY" (GoG), promotes environmental awareness, as well as actions to mitigate climate change.

The GoG Project uses the GOG INITIATIVES to involve the public in creative forms of activism, suggesting that everyone can take responsibility to reduce and compensate for their pollution, to neutralize greenhouse gas emissions.

With our 1 Million CO2 ton reduction "GoG Challenge" we encourage educative and collaborative actions that reduce pollution. The Challenge offers participants 10 eco-ethical changes to implement in a daily basis to reduce at least one ton of emissions per year. This GoG Commitment reduces their environmental impact and is symbolized through art by switching a gray mark (pollution) into a GREEN MARK.

In this way, everyone is called to "LEAVE A GREEN MARK FOR THE PLANET" in the participatory artwork created in 2009. This prestigious Global Art raises awareness to generate eco-ethical habits, protecting our natural resources and respecting the planet. We also plan to beat a Guinness World Record by becoming the World's largest piece of participatory art.

This massive GoG Challenge will also create GOG ELITE: a selected group of people and corporations that is superior in terms of ability to take care of the Planet and our future. For corporations, our GOG CSR PROGRAM offers creative solutions to environmental impact—including education, ecological ethics, green spaces, CO2 reduction, Ecological and Participatory Art—through the GOG ELITE CSR PARTNERSHIP PROGRAM, or GOG CSR PROGRAM MEMBERSHIP -for small corporations- both of them, designed to disseminate the GoG CHALLENGE.

Benefactors can also help to make possible our goal of achieving the promise of reducing 1 million tons of CO2 per year supporting these "GoG INITIATIVES" to generate impact.

Join us! Everyone can participate to make a positive difference in our community and environment. There are opportunities for individual participation at many levels, including being a GoG Elite Member, a Volunteer, a Donor, and a Benefactor. We have many opportunities for CSR corporate or small business participation as well.

Also, we propose to transform your celebration or event into an unforgettable message of environmental awareness by adding our ART PARTY to your next festivity!

The importance of the artistic message is the vehicle for the issues. I invite you to be part of this important, innovative, and unique eco-art project to raise environmental awareness to heal and preserve the planet."

Analia Bordenave

GREEN ON GRAY PROJECT

The GREEN ON GRAY PROJECT created by Analia Bordenave promotes the "GOG Challenge" and environmental awareness with actions to ensure that a broad audience can be involved in making the cultural shifts needed to move urban communities toward sustainability.

The GoG PROJECT uses art initiatives to involve the public in creative forms of activism, helping them to bring positive environmental change in a unique and interactive way:
"Participatory Art".

ART FOR EVOLUTION.ORG

Big Challenge

With our GoG Commitment, we offer participants 10 eco-ethical changes to implement in their day to day and reduce at least 1 ton of emissions per year. This GoG Commitment reduces their environmental impact switching a gray mark (pollution) into a GREEN MARK for the Planet.

Your help can make possible our goal of achieving the promise of reducing 1 million tons of CO₂.

Our 100% GREEN MODEL

Since our goal with the "100% GREEN MODEL" is to be transparent, we created two different programs for this model. The "GREEN MARK PROGRAM" to convert 100% of the funds from into trees and plants of our Land Art Park and the "ECO MARK PROGRAM" to support our growth by funding our operating budget while generating environmental awareness in the community with the GOG INITIATIVES.

Program:

When we started Art For Evolution, we made a bold promise to the general public that 100% of their donations would go directly to fund Green on Gray projects through our Green Mark Program (neutralizing the impact of pollution, each Green Mark becomes a tree or plant in our Participatory Eco Artwork of Green on Gray alliances with the planet). Our goal for the program of a 100% Green Model is very ambitious. To accomplish this goal, we also need your help to develop and disseminate the Green Mark Program's initiatives.

As a Benefactor or CSR Program Partner, your support makes it possible to target 100% of all funds raised toward trees and plants, enabling us to meet our goal of preserving our environment by compensating human activity through Participatory Ecological Art.

**100% of the money raised in the GREEN MARK PROGRAM
will be used toward trees and plants in our Land Art Parks.**

Here We Need Your Help

ALLIANCE PLANET

MEASURE

CO₂

The amount of CO₂ that activities generate as a negative impact on the environment can be measured using our CO₂ Calculator.

REDUCE

CO₂

Every participant reduces the CO₂ emissions with simple ECO-ETHICAL changes in daily life using our "GREEN on GRAY Commitment"

COMPENSATE

CO₂

You can compensate for pollution by adding plants and trees for the Ecological Participatory Art (Public Parks of Land Art).

WITH ECOLOGICAL ART

Virtual planting: Choose your trees' location in the park. Add name, photo, and the legacy's message. After the virtual e-planting is complete, it will become an actual Land Art Park.

The space is planted with native species forming a print that will become a park to be visited by the public. Everyone can follow the growth of their trees in real-time, using coordinates from Google Maps, Photo & Videos.

This public park, created and cared for by private enterprises that encourage social responsibility, directly compensates CO₂ through a unique, yet easily accessible process of Eco-Participatory Art.

Program:

Our Eco Mark Program has also been established to cover our operating expenses. We will depend on the Eco Mark program's initiatives to cover everything from staff salaries to basic office systems to office rent and supplies while generating environmental awareness in the community.

These GOG Initiatives are some of our most significant: the investment in these initiatives fuels our long-term mission, our ability to develop as an organization, and our mission to continue using 100% of public donations for Green Mark projects. We need your help to start up our GOG Initiatives.

Your support as a Benefactor or CSR Program Partner paves the way for us to continue doing what many have said was impossible: developing the organization while generating environmental awareness in the community, using our "100% Green Model" to provide a better planet to future generations.

The total sales revenue will be designated to cover the operating costs of Art for Evolution nonprofit organization's mission and GREEN on GRAY Project cost.

The participatory artwork that raises awareness to generate eco-ethical habits, protecting our natural resources and respecting the Planet.

LEAVE YOUR GREEN MARK FOR THE PLANET

By *Analia Bordenave*

Add your GoG Commitment

Leave your Green MARK

Participatory Artwork

Change the World with Art

We offer participants 10 eco-ethical changes to implement in their day to day and reduce at least 1 ton of emissions per year. This GoG Commitment reduces their environmental impact switching a gray mark (pollution) into a GREEN MARK.

Once the participants added their GoG Commitment, they use one of their thumbs, painted with green ink, to leave a physical mark on the art piece and on a participation certificate. Both with a unique PIN number that allows them to identify their unique GREEN MARK in the finished artwork.

Each participant gives an email and takes a picture with the green thumb, for the artistic documentation of the commitment to "Leave a GREEN MARK on the planet" with the Participatory Artwork: "Tribute to your Individuality" 2009-2019

"Your GREEN MARK becomes an international masterpiece that assembles all those who leave a mark to contributes with their unique gift - their Individuality- to create a better world."
Analia Bordenave

Harnessing the record-breaking power of the masses, we will create the world's largest participatory artwork at Guinness World Records.

LEAVE YOUR BLUE MARK FOR THE OCEANS

By *Analia Bordenave*

WHY PROTECT OUR OCEANS?

Because the oceans are essential to life on Earth. The ocean is the largest ecosystem on Earth, it is the planet's life support system. Oceans generate half of the oxygen we breathe and, at any given moment, they contain more than 97% of the world's water. Living oceans absorb carbon dioxide from the atmosphere and reduce climate change impacts. The diversity and productivity of the world's oceans is a vital interest for humankind.

Our security, our economy, our very survival all require healthy oceans. Healthy oceans are the life support system for our planet, providing 97 percent of the Earth's livable habitat and a home to more than 700,000 species. Half of the oxygen we breathe is generated by our oceans. Because you and the future of all those you love depends on healthy oceans. We want a better future for our oceans and the people that depend on them. Leave your Blue Mark and add your awareness commitment for the oceans.

Each participant leaves his or her blue mark on the piece of art,

and on their participation certificate

They have a PIN number that identifies them.

Each unique mark is exhibited

The picture represents the exact moment we choose to contribute to a better world.

We offer participants 10 eco-ethical changes to reduce their environmental impact in the oceans switching a gray mark (pollution) into a BLUE MARK.

Eco Life Style >

GREEN on GRAY PROJECT CENTER, a 77 unit retail created with recycled shipping containers, is designed to educate and help visitors choose environmentally friendly options.

Characteristics:

- **ECO Ethical:** Everything in the process is as recycled/salvaged/eco-friendly as possible.
- **Sustainable Materials:** re-used shipping containers.
- **GREEN Roof:** We promote the use of native plants. A vegetable garden on the roof offers many environmental benefits.
- **Biodiversity:** creating different micro-habitats.
- **Solar Power Modules** - the cleanest and most abundant renewable energy source available.
- **ART:** Each container will be painted by a previously selected artist.

Here We Need Your Help

MULTISENSORIAL EXPERIENCE FEST

AFE proposes a compromise to the community and businesses to reduce 1 Million tons of CO2 per year with the creation of the first environmental interactive event in Miami.

The "GREEN on GRAY Eco-Art Experience Fest" is a multisensorial interactive event to generate environmental awareness through seven topics that engage the five senses of your attendees.

The "GREEN on GRAY Multi-Sensorial Experience Fest" is covered with our mobile application creating an interactive experience, that incorporates auditory, visual, haptic, and other types of sensory feedback in seven important topics that make a unique proposal with an outstanding content:

1-ART EXHIBITION INSTALLATION. "Our Green Mark" is a LABYRINTH created with 200 plants and 4300 ft2 for eco-art virtual exhibition with technology VR+AR.

2-CSR (Corporate Social Responsibility) with Art: Leave Your Green Mark: the biggest participatory artwork for the commitment of reducing 1 Million of CO2 tons per year.

3-MUSIC DJs for the Planet

4-ART FILM Open Air Cinema to screen exceptional films.

5-FOOD Vegan for the Planet

6-ECO ART PERFORMANCE

7-MULTISENSORIAL ART LOUNGE .

The goal is to raise funds for GOG CENTER-ECO LIFESTYLE

Here We Need Your Help

ECO ART PERFORMANCE PRESENTACION

The aim of this Eco-Art Performance is to create environmental awareness that is fun, creative, and participatory so that everyone can start taking steps to help transform their negative carbon footprint, or "GRAY MARK," into a clean and sustainable "GREEN MARK," thus preserving the environment now and for future generations.

GOG MOBILE

Our GREEN on GRAY Mobile will be traveling across town! Entirely covered with plants created by the ecological artist Analía Bordenave.

With your help we can create the first G-Mobile bus to tour in the city and at main events to spread our message:

- Information and awareness
- Education campaign and eco-ethical commitment

G POINT

As part of your campaign place an elegant glass vitrine full of green gifts and being part of the awareness campaign. The gifts allow us to communicate a positive message of care and environmental compromise.

Every Green on Gray gift that we have is distinguished by:

- High Quality and Artistic Design
 - Respect for the environment
 - Responsible and ethical consumption.
- Each gift can be customized with your brand.

ART PARTY

We propose to transform your celebration or event into an unforgettable message of environmental awareness.

Everyone has a reason to celebrate GREEN.

Add our ART PARTY by Analía Bordenave to your next festivity!

Results

Eco Art & More Green Spaces

Ecological Canvas & Land Art Public Park. Leaving a Green Mark to become ecological and cultural heritage for future generations.

Education: Ecological Ethics

Eco Events: Community Participation. Conscientious actions toward reducing pollution and protecting the environment.

Massive Campaign CO2 Reduction

Sustainable Future & Awareness Campaigns .

This fundamental project promotes environmental awareness as well as actions toward mitigating climate change.

Corporate Social Responsibility

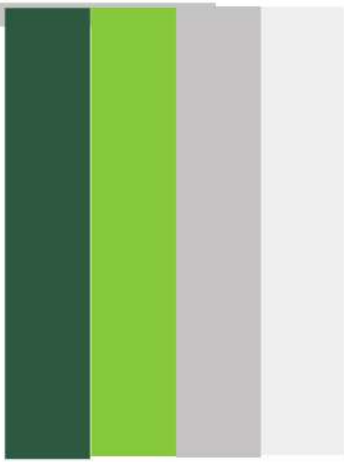

Corporate Social Responsibility (CSR) is the growing practice in which businesses participate in initiatives that benefit Society.

The GoG CSR Program's main goal is to achieve the promise of getting 1 million of commitments for reducing 1 Million tons of CO2 with the GoG Challenge

We offer creative solutions to environmental challenges includes education, ecological ethics, green spaces, CO2 reduction, with Ecological and Participatory Art. Our GoG Initiatives are unique and allow to advance our mission with a big impact.

Our original program allows all types of companies to be a part of a big impact CSR campaign and to be proud of their contribution and the benefits. GOG CSR Program offers to be a CSR Partner in CSR ELITE PROGRAM or be a CSR PROGRAM MEMBER with different Membership Levels.

Corporate Social Responsibility

ELITE

we leave a **GREEN MARK** for the Planet

The ELITE CSR Partnership Program is entirely designed to disseminate the GoG CHALLENGE.

Corporations choose one of the three levels of GoG ELITE CSR Membership, and customize it by adding some "GoG INITIATIVES" to generate more brand impact.

The participation is determined according to the amount of GoG Commitments added to the GoG Challenge.

Corporate Social Responsibility

ANNUAL MEMBERSHIP PROGRAM LEVELS

CSR PROGRAM MEMBERSHIP

The CSR Annual Membership Program allows small companies to be part of a big CSR campaign and to be proud of their contribution and the benefits. Be a member of our CSR Annual Membership Program and receive your CSR recognition.

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Director, Exempt Organizations
